

On behalf of Wheaton North High School and our Girls Cross Country program, we would like to extend our sincere gratitude to the Wheaton Park District Board of Park Commissioners and Executive Director Michael Benard for rearranging their construction timeline at Northside Park to allow our Falcon Girls Cross Country Classic to be run on October 3. Without your support this would not be possible.

The race format will feature three open races, by grade level, and seven flight races for the Varsity top seven runners. Here is the schedule for the day.
